CLASS 8 · CBSE · GANITA PRAKASH PART 2 · FORMULA BANK

Chapter 3: Proportional Reasoning – 2

Every formula and result of the chapter on one sheet

1	Direct proportion	$\frac{x}{y} = k$ (constant quotient)
2	Inverse proportion	$xy = k$ (constant product)
3	Inverse proportion, two pairs	$x_1 y_1 = x_2 y_2$
4	Representative Fraction	Map distance : actual distance, in the same unit
5	1 km in cm	$1{,}00{,}000$ cm
6	Multi-term proportion	$\frac{a}{p} = \frac{b}{q} = \frac{c}{r}$
7	Part of x in ratio $a : b : c$	$\frac{a}{a+b+c} \times x$
8	Angle of a pie-chart sector	$\frac{\text{part}}{\text{total}} \times 360^\circ$
9	Percentage to angle	Percentage $\times\ 3.6^\circ$
10	Rate of work	$\frac{1}{\text{time to finish alone}}$
11	Time working together	$\frac{ab}{a+b}$
12	Workers and days	Workers $\times$ days $=$ constant
